### **ABOUT US**

Swisscontact is an independent non-profit development organisation established in 1959 by representatives of the Swiss private sector and civil society. Our work focuses on private sector-led sustainable economic development and improved quality of life for all in developing and emerging countries. A key focus is to strengthen the skills of individuals and foster the competitiveness of businesses.

We are a longstanding development partner in the region with activities in Indonesia starting in 1974. Our expansion to the Mekong started with Laos in 2013, Cambodia and Vietnam in 2016 and regional projects from 2018 onwards. Our 200 strong team implements 20 projects in our focus countries and we provide technical advice to key programmes in SE Asia.

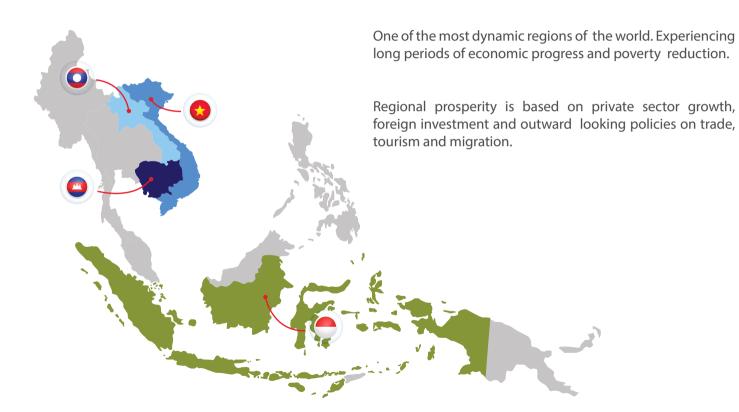

# **MISSION**

We unleash the potential of private initiative to foster sustainable development and shared prosperity in developing and emerging economies.

At Swisscontact, our mission statement embodies our purpose and identity. We firmly believe that private initiative drives innovation, change and economic progress. As an organisation, we continually create innovative and scalable solutions to address critical development challenges, all while aligning with the Sustainable Development Goals (SDGs). Quality is at the core of our work. We are committed to investing in quality enhancements to maximise our impact, outreach and sustainability. Our project partners share our values and long-term vision, emphasising on systems transformation.

# **SOUTHEAST ASIA**

### **AREAS OF WORK**

- Sustainable landscapes.
- Regenerative agriculture and sustainable supply chains.
- Transition finance to promote change from traditional agriculture.
- Sustainable consumption and production processes.
- Increase of competitiveness of enterprises in different industries.

- Promoting dual VET in industry specific polytechnics.
- Scaling up informal training
- Strengthen the competencies of people for entering the job market.

- Enhancing entrepreneurial eco systems.
- Trade promotion with Switzerland and Europe.
- Enhancing the skills and enterprise policy and promotional framework.

### **OBJECTIVES**

Swisscontact contributes to the Sustainable Development Goals (SDG)s through a variety of pathways focusing on private sector development in partnership with host governments and stakeholders. Private Sector Engagement (PSE) and Public Private Development Partnerships (PPDPs) are key elements of our approach. We support the private sector in going beyond Corporate Social Responsibility (CSR) and philanthropy to promote "shared value" initiatives and altering traditional ways of doing business. Through our work, small, medium and large private companies as well as commercial farmers and agri-businesses are bringing new technologies and innovation to markets and creating additional jobs and opportunities. These themes are central to the case for covid recovery in the short- term and climate change beyond.

# **CORE COMPETENCIES**

VOCATIONAL EDUCATION AND TRAINING

LABOUR MARKET INSERTION

CONTINUING VOCATIONAL EDUCATION AND TRAINING

ENTREPRENEURIAL ECOSYSTEMS

GREEN CITIES

SUSTAINABLE AGRICULTURE

SUSTAINABLE TOURISM DEVELOPMENT

TRADE

# **PROJECTS**

Christina Rini LASR - Indonesia

Erica Chiajui Wu DLI - Cambodia

Khamla Souksawat Country Office - Laos

Kimchean Prum L Country Office - Cambodia

Latdaphone Vongkhamheng a DLI - Laos

Manfred Egger VTESS - Laos

Mengcheang Nhep SDP - Cambodia

Puji Maharani Ph Country Office - Indonesia

rani Phetsavart Phangphongphakdy Indonesia VTESS - Laos

Rob Hitchins MDF - Regional

Setha Rath ISA - Cambodia

SokHuy Lay 3Ei - Cambodia

Sorphorn Souk Country Office - Cambodia

oudsaichay Baudre VTESS - Laos

Vithakone Naophachanh Country Office - Laos

### **PARTNERSHIPS**

Swisscontact builds and strengthens solid partnerships which are essential to achieve the best possible and sustainable outcomes for our beneficiaries.

Partnerships with the private sector and host governments are at the core of our inclusive systems development approach in our projects. We work with governments on regenerative agriculture, trade and export promotion, skills standards, promoting dual vocational training polytechnics and sustainable tourism.

In doing so, we amplify our results through working with the private sector in adapting new business models in their value and supply chains to include disadvantaged sections of society, raising skills standards in key sectors such as hospitality, agriculture mechanization, entrepreneurship promotion and impact investment.
